DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 4-9, 12-16 and 23-36 are rejected under 35 U.S.C. 102(b) as being anticipated by Davenport 3,652,733 or Henkel KgaA DE 32 47 736.
3. Davenport discloses ethylene glycol bis (beta-mercaptopropionate) as well as other polythiols disclosed in British specification No. 567,841 and U.S Applications Ser. No. 567,841 (filed July 16, 1966) and 617,801 (filed Feb. 23, 1967), in column 2, lines 25-47. The concentration of the thiol is 40-150 phr(Examples). The polymer is PVC (Abstract). The composition may (or may not) include other stabilizers. That means that the use of other stabilizers, including metal stabilizers is optional, just like the epoxidized soybean oil of applicants' invention. Henkel teaches applicants' composition in claims 1, 3 and 4, while epoxidized soybean oil can be found on page 12, lines 19-20 and 23, line 12. The presence of metallic stabilizers in claims 2 and 5 does not negate the fact that a metal free stabilization system has been claimed previously. Both references claim halogenated polymer composition blended with applicants' organic thiols, with and without metallic or other stabilizers. The examiner knows of no judicial decision, which would restrict a reference to one invention. The rejections are maintained.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
